

We hope this information finds you and your family in good health and that you have not been seriously impacted by this pandemic. ***We look forward to welcoming you back into our office with added precautions as we reopen on Monday, June 1.*** While many things have changed, one thing has remained the same: our commitment to your health and safety. We can't wait to see you all!

In order to minimize the risk of infection, for both patients and office staff, we have implemented the following safety protocols:

- Prior to your appointment, our staff will be asking you COVID-19 screening questions.
- We ask that you call the office when you arrive in our parking area and remain in your car until we are ready to see you. All companions are asked to wait in the car.
- Anyone entering the practice will have their temperature checked and must wear face mask. Hand sanitizer will be readily available throughout the office.
- Our team will have appropriate PPE. All staff will be screened daily to ensure they are healthy.
- All surfaces in our office will be wiped down stringently and regularly with the appropriate disinfectant to maintain office cleanliness. Deep cleaning will also be regularly performed throughout the office.
- We will maintain social distance measures by staggering appointments and having some staff members working remotely.

We will continue providing virtual appointments when appropriate. In-office appointments will be reserved for patients requiring in-person care. Please call our office for information on how to schedule a telehealth visit.

Our team will be reaching out to you to confirm or reschedule your appointments over the next few weeks. Thank you in advance for your patience as we begin to implement additional protocols and schedules, and take necessary steps to keep every patient safe in our practice. We value your trust and loyalty and look forward to welcoming you back!

Sincerely,
SK Dermatology
